#BuildBlack

The Black Resilience Fund is a formal program of Brown Hope, a registered 501(c)(3) non-profit organization with a federal employment identification number of 82-4843276. Your donation is tax-deductible to the extent allowable by law.

QUOTES FROM THE COHORT:

“My self worth skyrocketed.”

“I have begun to step into my power and believe all good will come to me because I am good!”

“Trust the process is what I’m talking away from this experience.”

“I have a very hard time trusting, and this program has helped me not only trust in my fellow people, but in my Higher Power as well!”

#BUILDPDX

TO OUR SUPPORTERS

Thank you for taking action and supporting the Black Resilience Fund. You have helped us change the lives of Black Multnomah County residents since our start in 2020. With your help we’ll continue to make a difference for the 25 Black families through our Village Building program with Guaranteed Income.

We all know there’s a lot of healing that needs to be done in Portland. The continual and preventable suffering endured by Black communities due to systemic oppression can’t be reversed overnight.

But you’ve helped us start undoing this wrong.

This is why BRF has created a 3 year Income Guarantee Program as a solution to the problem. And we know your donation will make that difference for year two.

This campaign is critical and our largest source of funding for the 25 Black Multnomah County Residents and their families we serve.

That’s why we are proud to call you our supporters. Because you’re there with us, day by day, making a difference in the lives of Portlanders. Let’s take action and heal Portland together.
